GENERAL INFORMATION

Aims of the Part-Time Courses The part-time courses in the College of Arts and Sciences are offered for the benefit of those who are unable to follow full-time courses conducted in the College. They are open to properly qualified candidates for baccalaureate degrees; to school teachers and other graduates who wish to continue collegiate studies; and to a limited number of auditors who are not seeking collegiate credits, but who show ability to pursue the courses with profit. Out-of-course students must obtain the written recommendation of the Chairman of the Department in which they wish to register, and the written permission of the Dean.

Entrance Requirements Students who enroll for collegiate credits must meet the entrance requirements of the University as set down in the Bulletin of the College of Arts and Sciences. They may get a copy of that Bulletin in the Registrar's office.

Registration Every regular student who registers in part-time courses must see that a transcript of his high school credits and a transcript of all previous college credits be mailed to the Registrar by the proper official of the school and the college previously attended. Application for admission accompanied by proper credentials shall be filed with the Registrar before September 16. In cases where application for admission is made so late that this is not possible, **provisional** registration may be permitted. In case of such provisional registration all official entrance records must be filed with the Registrar not later than two weeks after the regular registration day, and it shall be the responsibility of the student to see that this is done.

Every regular student of the Part-Time Courses is required to schedule a minimum of two subjects in two different departments of instruction. The latest date for change in registration in night classes is September 20. The final date for registration in Part-Time Courses is September 30.

Fees All students are charged the usual yearly registration fee of \$5.00. Also a matriculation fee of \$5.00 is charged when a student registers for the first time. Auditors do not pay a matriculation fee.

The tuition fee for all part-time courses is:

For the first two semester hours.....	\$15.00
For every additional two semester hours.....	5.00

For a student who is a member of a religious community the charges are \$10.00 for the first two semester hours, and \$5.00 for each additional two semester hours or less.

Additional fees are:

Library fee, to be paid by all students.....	\$ 2.00
Biology, Chemistry, or Physics laboratory fee.....	25.00
Rental of microscope.....	10.00
Delayed or conditional examination or test.....	2.00
Each entrance examination.....	2.00
Second transcript of credits.....	1.00
Late registration fee.....	2.00
Graduation fee.....	25.00

All fees are payable in advance at the beginning of each semester; however, in exceptional cases, quarterly payments may be arranged for, with the approval of the Regent. Unless all of his indebtedness is promptly paid, the student will not be admitted to classes nor be allowed to take any tests or examinations.

If a student withdraws officially from the University during the period of registration, the total charge will be refunded, except the matriculation and registration fees. If a student withdraws from the University or from a course after the regular registration period has closed, no refund in tuition and fees will be allowed for the semester in which he has registered.

Withdrawal A student withdrawing from the University during any semester before taking the final examinations of the semester, forfeits all credit for work done in that semester. To obtain his honorable dismissal on withdrawing from the University, the student must secure from the Dean written permission on an official withdrawal form which will be furnished to the student by the Registrar. When approved by the Dean, this form must be presented to the Registrar. This written permission will not be given if the student has not

met all financial obligations to the University, or if he is under any official censure, or if there is any official charge pending against him.

A student desiring to withdraw from a scheduled course after his semester's schedule has been filed in the Registrar's office may do so only after having obtained written permission from the Dean. If a student withdraws from a subject course without such permission, or if he has been excluded from a subject course and fails to notify the Registrar of that fact, he shall pay a fine of \$2.00 and shall be given a failure grade for that course.

For information regarding requirements for degrees and other regulations of the College, see the Bulletin of the College of Arts and Sciences.

Knowledge of All the University Regulations Every student in the University is supposed to acquaint himself with all the regulations of the University pertaining either to studies or to discipline. These regulations are to be learned from the Session Bulletin, from the Student Handbook, and from official notices posted on the official bulletin boards of the University. The University assumes that the students will acquaint themselves with all such regulations. Consequently, ignorance of a regulation will never be accepted as an excuse for its violation.
